

Project Vision Statement –

To create a strategic, playable, maintainable, architecturally timeless, outstanding golf course that will ably complement the natural topography and varying design styles. The course will possess a strong character and be fun to play. A course that all levels of players will want to play. A course that respects its past embraces the present and considers the future. To be one of Massachusetts premier golf experiences. With a course that is first class, enjoyable, challenging, fun and memorable for all level of player. Stay true to and enhance the Wayne Stiles and design within the Franklin Country Club golf course will maximizing the opportunity to create a cohesive 18 holes styled in the classic design principals of Strategy, Naturalness, and Variety. Value the club's budgetary guidelines, push us as you feel worthwhile, yet help us to stay within our limitations thereby helping us retain our strong financial position.
